STATEMENT OF PUBLIC OUTREACH

RE: BZA Application for deck addition ("Project") to 1005 Quebec Pl NW, Washington DC
("Property")

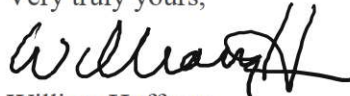

Dear Board of Zoning Adjustment:

We, William Huffman and Colleen Bevins, are the owners of the above referenced Property and pledge to reach out to the local Advisory Neighborhood Commission ("ANC"), the Office of Planning, adjacent property owners and any interested community/civic groups to inform and discuss our Project with those concerned ("Public Outreach").

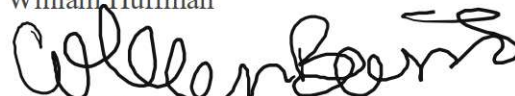

In July 2022, we reached out to our ANC SMD commissioner to confirm that we are in the ANC 4C06 district, and to generally inform her about our plan to seek a variance for a deck addition. We have also discussed the Project with one adjacent owner (the other adjacent property is not currently occupied) and several nearby property owners and received oral consent from all of them.

We pledge to submit a statement of the additional efforts we in furtherance of our Public Outreach and the results of such efforts no less than fourteen (14) days before the scheduled public hearing/meeting on our application.

Very truly yours,

William Huffman

Colleen Bevins
